

John M. Patterson School
School-Parent Compact

School Year 2022-2023

Revision Date:

5/25/2022

Dear Parent/Guardian,

JOINTLY DEVELOPED

The parents, students, and staff of John M Patterson School partnered together to develop this school-parent compact for achievement. Teachers suggested home daily reading and use of our online programs, parents added input about the types of support they needed, and students told us what would help them learn. Parents are encouraged to attend annual revision meetings held one in Fall, Winter and Spring each year to review the compact and make suggestions based on student needs and school improvement goals. This year, the parent input meeting was held on May 25, 2022 and parents were invited to give input into the development of this Compact during Google Meets. Parents are also encouraged to participate in the School Family Engagement survey that is also used as a tool to collect parent feedback regarding the current Title I programs, policies and family engagement.

To understand how working together can benefit your child, it is first important to understand the district's and school's goals for student academic achievement.

The Board of Education's updated Goals and Guardrails are available on the School District Website at www.philasd.org.

John M. Patterson School GOALS

Patterson Elementary School will increase the percentage of students reading on grade level by five percentage points as measured on Aimsweb.
